Finding Techstreet Standards

A GIF to guide you
We subscribe to these Techstreet standards:

- ALL ASME standards and BPVC Codes
- All API standards
- The National Building Codes including the Canadian Fire and Plumbing Codes
- Alberta Building Code 2014
- Selected ISO Standards for SAIT’s WET programs

COVID-19 Update - Library Service Information
The campus is closed but we're still available to help you. Visit COVID-19 Library Service Information for more details.

Library Search
Discover books, articles, media and more

Advanced Search My Library Account
A-Z List of e-Resources A-Z List of Guides
If you have difficulty accessing your Library account or online resources, please contact the Library at library@sait.ca.
Click on the A-Z List of e-Resources
Select “T” for Techstreet.
Scroll down and find the Techstreet link.
Welcome to Techstreet!
Scroll down to the Tools section on their homepage.
Install Acrobat first and then install FileOpen.
Enter keywords or a specific standard in the search box.
Click on Search.
View the results.
Click on the title of the standard you need.
Click on Download to download the document.
Open the document with Adobe Acrobat Reader. Click OK.
View, print or save the document to your Download folder.
Your search is complete!
